

St. Leonard's
COMMUNITY SERVICES

Challenge. Choices. Change.

Agency Overview

St. Leonard's Community Services is a not-for-profit organization that has been empowering community members across Brantford, Brant and Haldimand to achieve their vision of independence, health, and well being for over 50 years. We provide services in the areas of Employment, Housing, Justice, Addictions, and Mental Health.

How we help.

Program & Services Overview

Addictions & Mental Health

We provide a full continuum of free addiction, mental health, and concurrent disorder services. This includes our 24/7 Crisis Line, Crisis Walk-in Clinic, crisis outreach programs, outpatient Concurrent Disorders counselling, Harm Reduction supplies, and bed-based withdrawal management and treatment services. We provide both individual and group supports. Our team will help you to develop a plan that meets your individual goals.

Employment Services

We're here to help everyone in the community find meaningful work. Our employment services connect you with local employers and job opportunities. We can assist with job searches, skills assessment, resume polishing, job interview preparation, finding education and training options, and even show you exclusive job openings.

Housing

There are many ways that we can help people who are experiencing homelessness or who are at risk of experiencing homelessness. We focus not only on getting a roof over your head in the short term, but also in helping you connect with ongoing services and support to find and maintain a long-term, permanent place to live. Our services range from emergency shelter, transitional and supportive housing options.

Justice

We offer client centered community based and residential environments that provide strength based individual and group focused education, assessment and counselling to youth and adults involved in the legal system. The goal of these services is to provide people with alternative solutions to legal charges and formal court proceedings, so that individuals can avoid a criminal record or even jail time by taking responsibility and making amends for unlawful actions.

How we work.

Funding

Agency programs are funded by all three levels of government, user fees, donations and grants from individuals, foundations and businesses.

Governance

Representing a cultural cross section of the community:

- Voluntary Board of Directors with a wide range of skills govern the Agency by setting policy and monitoring programs and financial outcomes.
- The Executive Director implements policies and procedures in co-operation with a Management Team consisting of Senior Directors.

Staffing

St. Leonard's Community Services employs staff who have extensive training in a variety of disciplines including social work, child and youth work, psychology, education, addictions, mental health, law and security, correctional services, recreation, and employment/career development.

Who we are.

Our Mission Statement

Empowering people to achieve their vision of independence, health, and wellbeing.

Our Vision

Everyone leading meaningful and healthy lives.

Our Values

Inclusive

We value everyone and their unique perspectives and journeys.

Compassionate

We care about our clients, our staff, our partners and the communities we serve.

Collaborative

We work together to support our clients and community.

Integrity

We hold ourselves accountable and are fair, trustworthy, and dedicated to our mission.

Innovative

We are open to change and continuous improvement.

Genuine

We are honest, respectful, and authentic with our clients, each other, and our partners.

Optimistic

We believe that everyone can accomplish their goals.
